ABOUT US

Amulya Mica has established itself as a prominent supplier of panel and surface solutions throughout Asia. With a strong presence in India, we are dedicated to producing high-quality products and fostering a culture of innovation. Our extensive range of surfacing solutions includes decorative laminates, PVC boards, doors, plywood, blockboard, WPC frames, PVC laminates, and flush doors.

With three advanced manufacturing facilities in the country, we have become the preferred choice for architects, interior designers, and homeowners seeking to create exceptional living spaces. Our commitment to delivering excellence is evident in every aspect of our operations.

At Amulya Mica, our passion extends beyond design and functionality; we also prioritize our environmental impact. We carefully source our raw materials from ethical suppliers worldwide to ensure the preservation of nature's beauty. Our products are Greenguard Certified and possess antibacterial properties, promoting both eco-friendliness and safe usage.

When you choose Amulya Mica, transforming your space is just a phone call away. Explore a world of possibilities as we revitalize your surroundings and give them the makeover they deserve.

Discover the difference with Amulya Mica, where innovation meets passion and spaces come alive.

1 BRAND NUMEROUS SOLUTIONS

**DOOR
FRAMES**

Imagine walking into a space that welcomes you to spatial environs. At Amulya Mica, we started our journey by manufacturing door frames, to give a personalized touch to our consumer's home entrance!

**PVC/WPC
BOARDS**

Basking your surroundings in the blanket of elegance is the first thing you do while building your dream space. Keeping in sync with the dynamic market trends, Amulya Mica offers PVC & WPC panel boards in multiple colours and sizes to suit the requirements of both commercial and personal spaces!

DOORS

Door is ingress to your beautiful haven, why not make it look sturdy and elegant. With Amulya Mica's elegant Door range, you can now elevate your entrance like never before!

PLYWOOD

Offering a plethora of mesmerizing designs and rustic textures, Amulya Mica flaunts a radiant Laminate range from 0.7mm to 6mm, that flaunts elegance in every nuance, and is made using avant-grade raw materials. Keeping in mind the surface requirements of our consumers, we design nothing short of perfection!

**EXTERIOR
CLADDING**

Paying attention to your exteriors is equally important to shield them from potential hazards. Amulya Mica, with its resilient exterior cladding panels guard your exteriors and make them look sturdy yet mesmerizing.

LAMINATES

Our furniture defines our taste and lifestyle and hence it's important to protect it with a layer of sophistication and resilience at all times. Engineering quality since ages, Amulya Mica has got it covered for you, with its extensive Plywood Collection that curates breathtaking vistas!

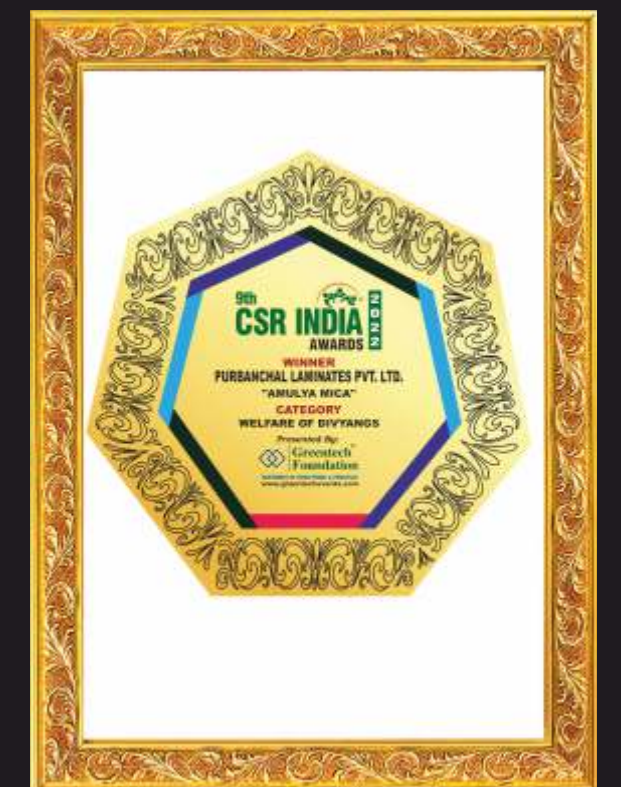

PVC LAMINATES

Serving as an impeccable alternate to the decorative laminates, the PVC laminates possess several features like being fire and water resistant which make your space more safe to reveal! With Amulya Mica's varied range of PVC laminates, you can choose ease for yourself!

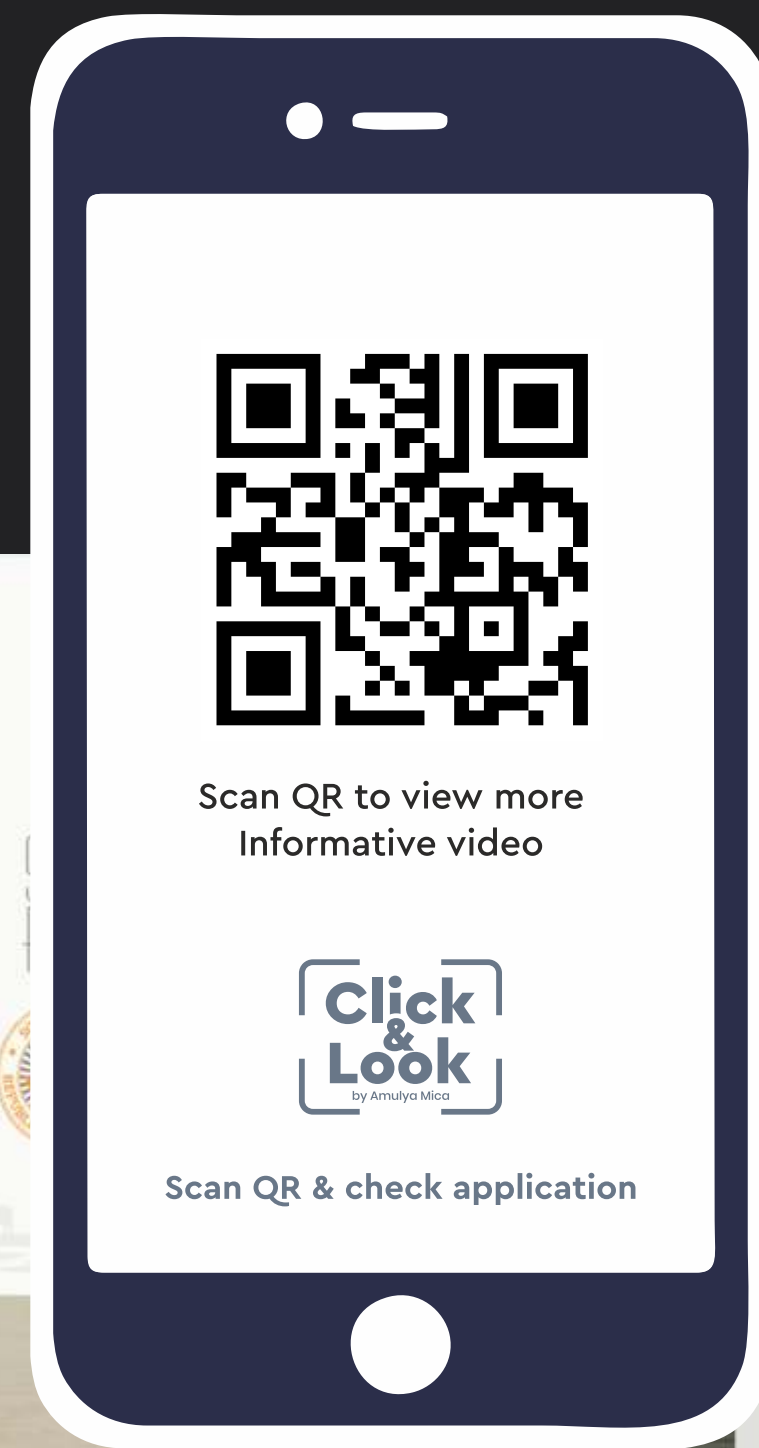

Awards

INTRODUCING INDIA'S FIRST

Scan this QR code featuring multiple chic designs, and get ready to be blown away by a stunning visualization of your chosen laminate design on your desirable application area, in just one click!

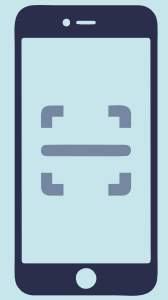

USER GUIDE

Step 01

Scan QR and Download ACL app

Simply focus your camera on any laminate from the catalog while using the app and see it come alive on the chosen application. Scan QR code to download the application.

Step 02

Select application as per your desire

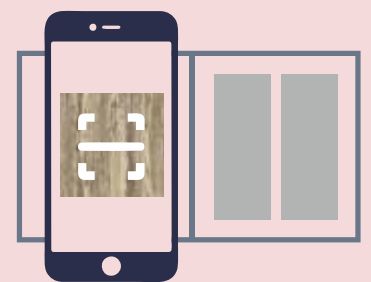

Capture your desired application area in just one click.

Step 03

Scan laminate from catalog

Return to the catalog and scan the laminate of your choice to preview its appearance on your desired application surface!

Step 04

Apply on furniture

Once you've selected your desired laminate, apply it to your preferred surface and bring your vision of a dream home to life!

10 REASONS TO CHOOSE AMULYA MICA

100% Lead Free Sheet

Non toxic sheet

Zero Maintenance

Upto 135° degree Bendable,
No Need of Edge Band

100% Waterproof for Lifetime

100% Bacteria & Fungus Resistant

100% Formaldehyde Emission Free

100% Termite and Borer Proof

No shrinkage and swelling

Fire Retardant

Thank You

Dear Customer,

As you reach the end of this catalogue, our journey of enhancing your spaces with Amulya Mica's versatile laminates continues.

Your unwavering trust and support are the bedrock of our innovation and progress. We are deeply grateful for it and are inspired by your vision for creating beautiful, comfortable, and safe environments.

In this spirit, our pledge to you remains steadfast: to persist in our quest to not just meet, but surpass your expectations. We are more than a business; we are your partner in turning dream spaces into reality.

From all of us at Amulya Mica, thank you for your continued trust and loyalty. We eagerly anticipate our continued collaboration as we design a future full of enduring beauty.

Warm Regards,

Rakesh Agarwal
(Managing Director)

Upto 135° Bending Process In PVC Laminate

STEP-1

Amulya PVC Sheet shall be cut out according to your requirements.

Use the V-Groove Cutter to cut and make a groove accordingly.

PVC SHEET
BACK SIDE

STEP-2

STEP-3

PVC SHEET
BACK SIDE

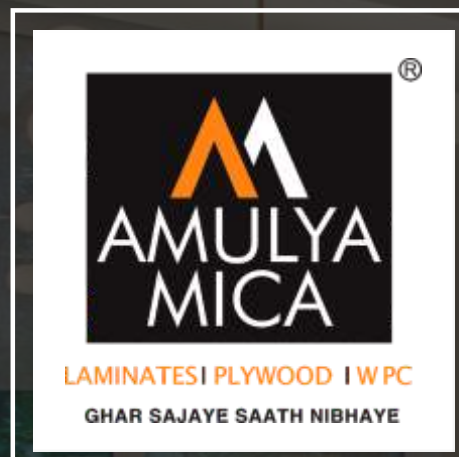

Use a scissor and cut out all 4 corners of laminate sheet.

Bend the PVC Laminate upto 135° level according to V-Groove markings, carefully.

PVC SHEET
BACK SIDE

STEP-4

IT IS PREFERABLE TO USE EITHER THE U OR V GROOVE CUTTER TO BEND THE LAMINATE UPTO 135-DEGREE.

Not Only Does This Ensure Zero Wastage But It Also Brings You Additional Earnings. So, Let Your Creativity Flow Without Fretting About The Surplus. We've Got You Covered!

WHY SCRATCH EX?

Scratch Ex, our vibrant offering echoes the charm of in-vogue acrylic laminates. It's not just about the vibrant colour spectrum that this range offers, but it's also about value.

We recognize that the gloss finish and scratch-resistant properties of acrylic laminates are in high demand. Scratch Ex, however, elevates this demand by delivering unparalleled value to our consumers. How, you ask? Scratch Ex brings the same alluring glossiness but with a superior scratch resistance rating of 4N.

SCRATCH EX SEAMLESSLY CATERS TO THREE MAJOR MARKET DEMANDS:

SCRATCH EX SEAMLESSLY CATERS TO THREE MAJOR MARKET DEMANDS:

- 1.) Exceptional abrasion and scratch resistance (4N), outshining our decorative competitors.
- 2.) A superior gloss level (102 when viewed from a 90-degree angle), a feature that competitors can't match.
- 3.) A vast colour palette, empowering users with endless design possibilities.

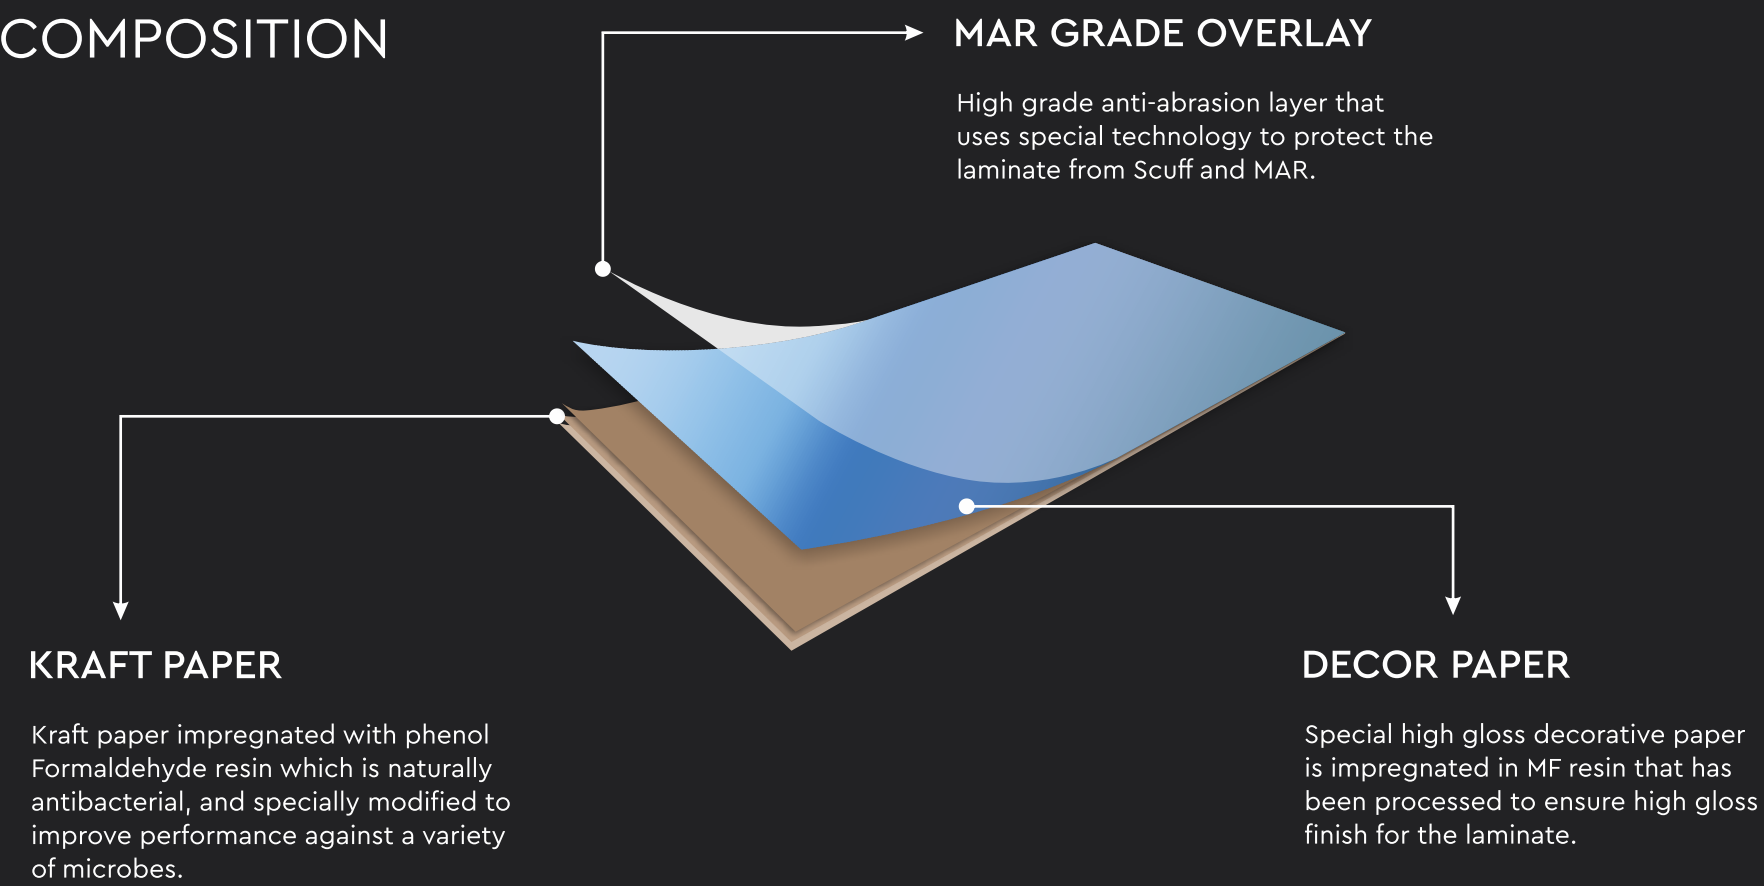

Not just limited to this, Scratch Ex can also be availed in a variety of designs, including solid, marble, and wood, thus providing a holistic solution for all your aesthetic needs.

Worried about scratches on laminates?

Amulya Scratch - EX range of Super Gloss and Ultra Matt Laminates offers high level of resistance to scuff, MAR and abrasions while maintaining 4 times longer shine and smoothness than any other usual laminate. There is a range of attractive colours to choose from.

"Just use it and be free from worries!"

PVC LINER

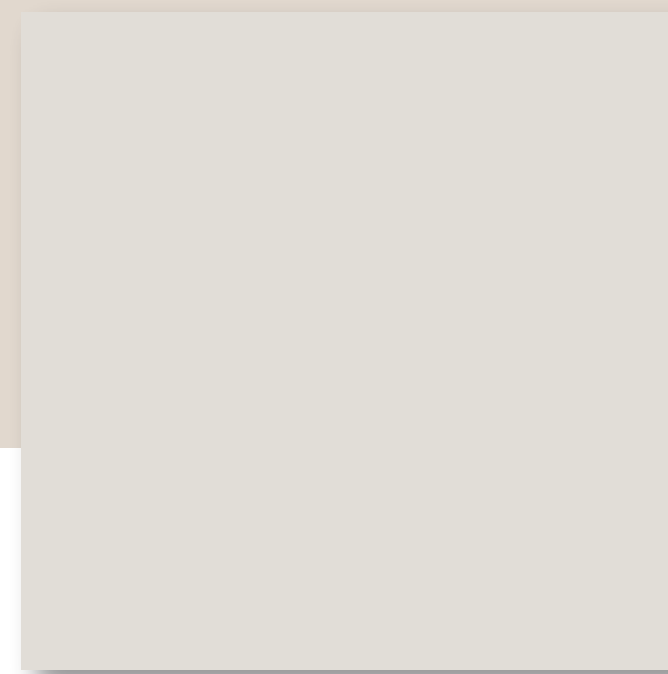

White

- Long-lasting - Compared to other types of laminate sheets, Amulya Mica PVC Laminates stand the test of time due to their superior durability.
- Resistant to Cracking - Unlike HPL sheets, our laminates don't crack easily once applied, ensuring longevity and aesthetics.
- Uniform Edges - Our PVC Inner sheet offers a consistent colour across the sheet. This uniformity isn't seen in HPL sheets, making our product's edges less noticeable.
- Waterproof - With our laminates, you don't have to worry about water or moisture damage. They are designed to be water-resistant, offering you peace of mind.
- Highly Bendable - Our PVC laminates are both strong and flexible. They can be bent at a right angle without any issue, and are easy to transport as they won't break or crack.
- Uses Less Adhesive - When sticking PVC Laminate, you use 25M less fevicol than you would with an HPL sheet, making it a more efficient option.

white

off-white

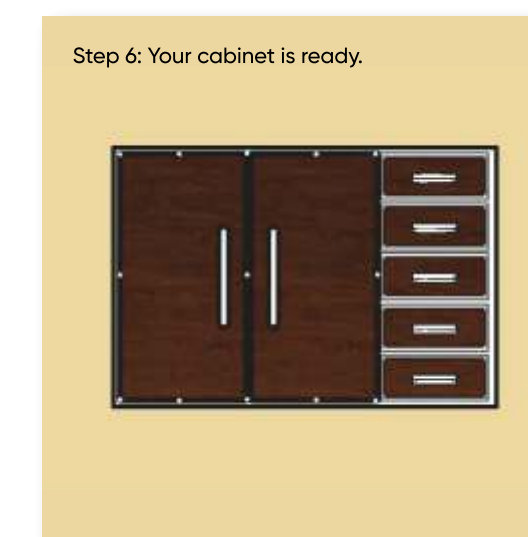

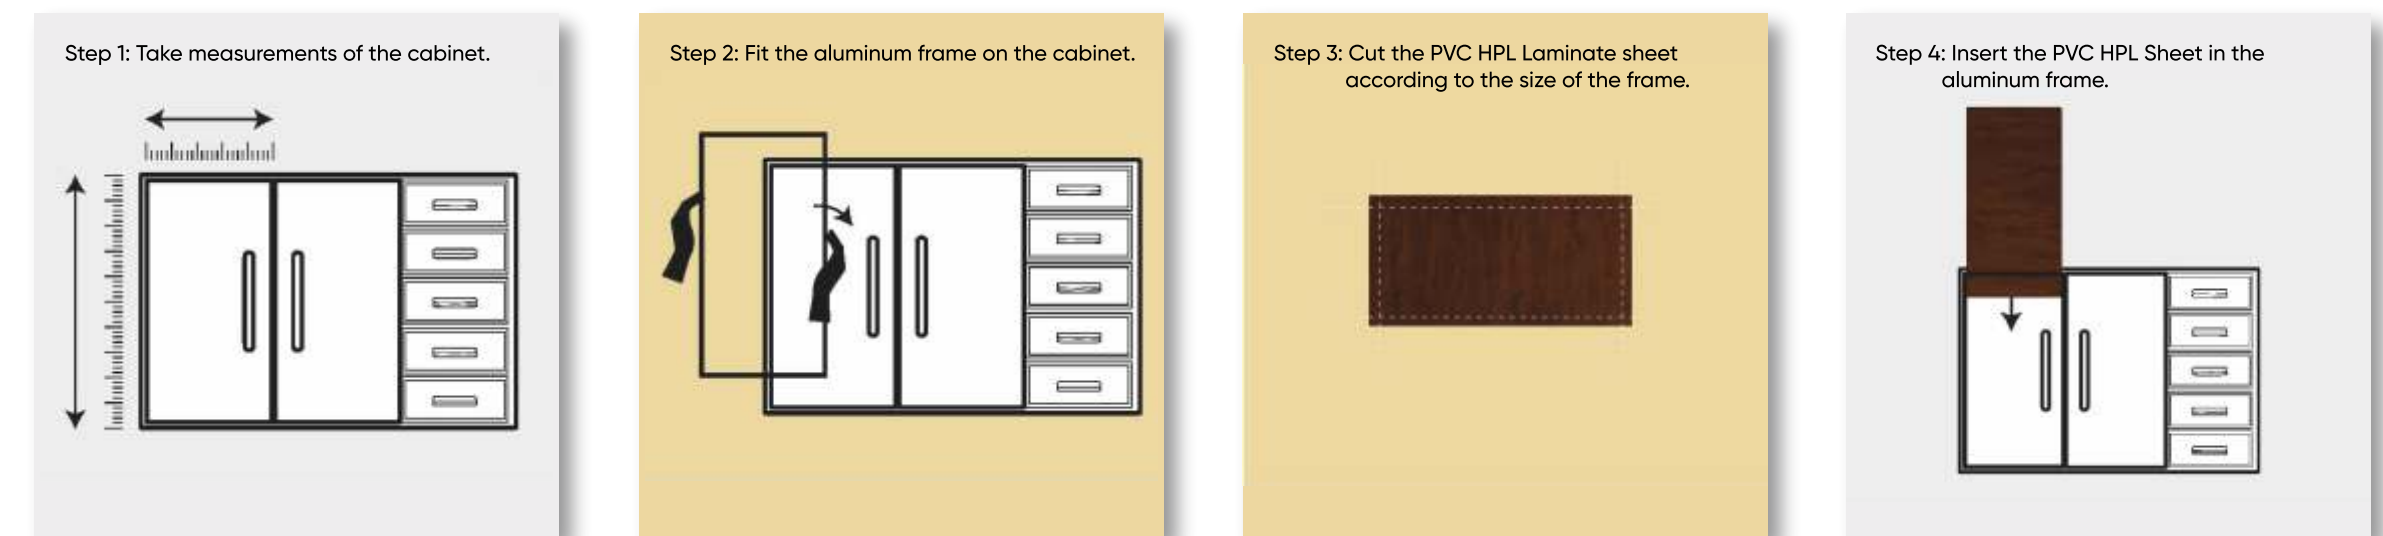

3MM PVC LAMINATE

APPLICATION

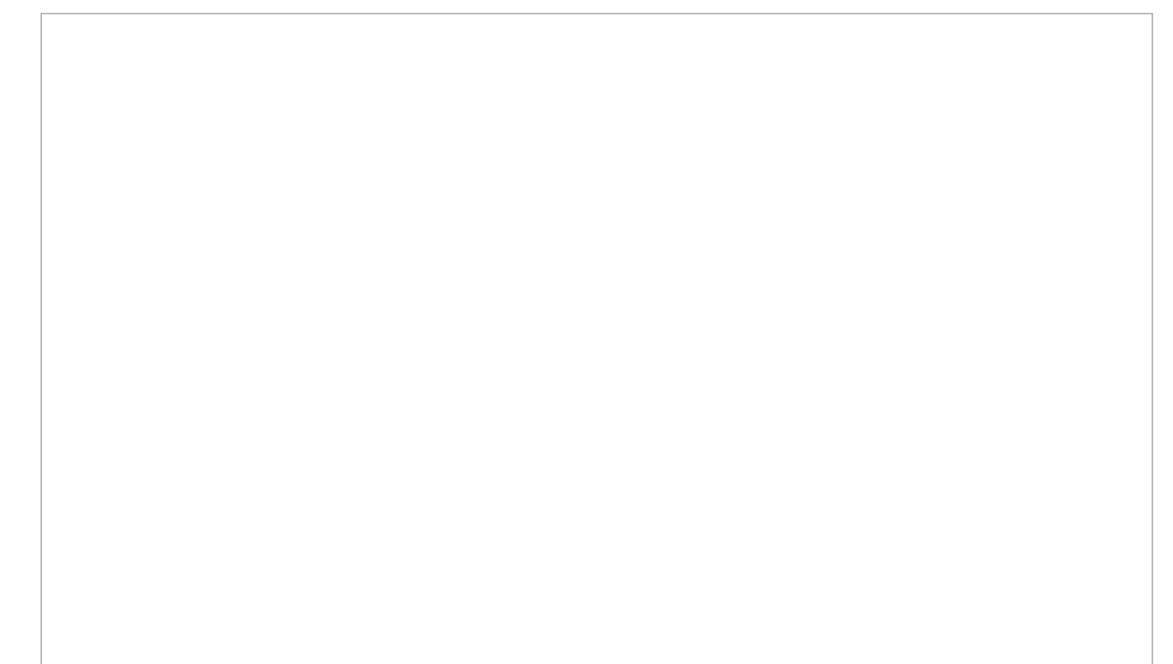

3mm Compact PVC Laminates use durable and self-sustainable high pressure laminate boards which come in a thickness ranging from 1.25 mm to 3 mm with a Dimensions of - 4' x 8' Engineered with indigenous technology, our compact laminate solution comes with Anti-bacterial properties, abrasion, water and fire resistance. Compact laminate are used for Interior applications, ideal for Restroom Cubicles, Lockers, Furniture, Panels, Work tops, Lab furniture, Facades etc.

ADHESIVE

Our PVC laminates are compatible with conventional water and solvent-based adhesives. Avoid heat-activated types.

CUTTING & PROCESSING

Use a diamond cutter blade for cutting and a filer to smoothen the edges. Ensure proper routing and drilling.

LAMINATION

Ensure substrates are high-quality plywood, clean and free from grease, dust, and other foreign matter. Avoid coatings like melamine, lamination wax, or PU base on our laminates.

BENDING & FORMING

Our laminates are bendable on all sides at a 90-degree angle. Use a v-groove cutter for bending.

CARE & MAINTENANCE

Clean with mild detergent and soft microfiber cotton cloth. Avoid harsh chemicals and exposure to direct sunlight.

****KINDLY REMOVE THE PROTECTIVE FILM AFTER 7 DAYS OF INSTALLATION**
